

## Sprint 1 Plan

Product: MyPantry

Group: Edward Chan, Kai O'Brien, Meelad Danai, Sydney Repp

Release Date: March 9th, 2021

Sprint 1: Jan 13th To Jan 26th

Goal: We want to be able to create a background page with a login and signup button and a brief description of what MyPantry will do. We want to be able to add functionality to go to a login page and then fill out a form with our information.

Task listing, organized by user story:

- **Create a functional web app that has MyPantry background info:** As a food pantry or someone seeking food assistance, I want to be able to go to a page that has background information, a signup button, and a login button, so that I can understand the MyPantry app and see ways to sign up or login.
- **Create login/signup pages that will have two pathways: one for food pantries and one for the someone seeking food assistance:** As someone seeking food assistance, I want to be able to sign up as someone that is looking for a food pantry and create a profile with my contact information, so that I can login to the page.
- **Create login/signup pages that will have two pathways: one for food pantries and one for the someone seeking food assistance:** As a food pantry, I want to be able to sign up as a food pantry with contact information and the name of the pantry, so that I can login to the page.

Team roles:

Edward Chan (Scrum Master),

Kai O'Brien (Product Owner),

Meelad Danai (Developer),

Sydney Repp (Product Owner)

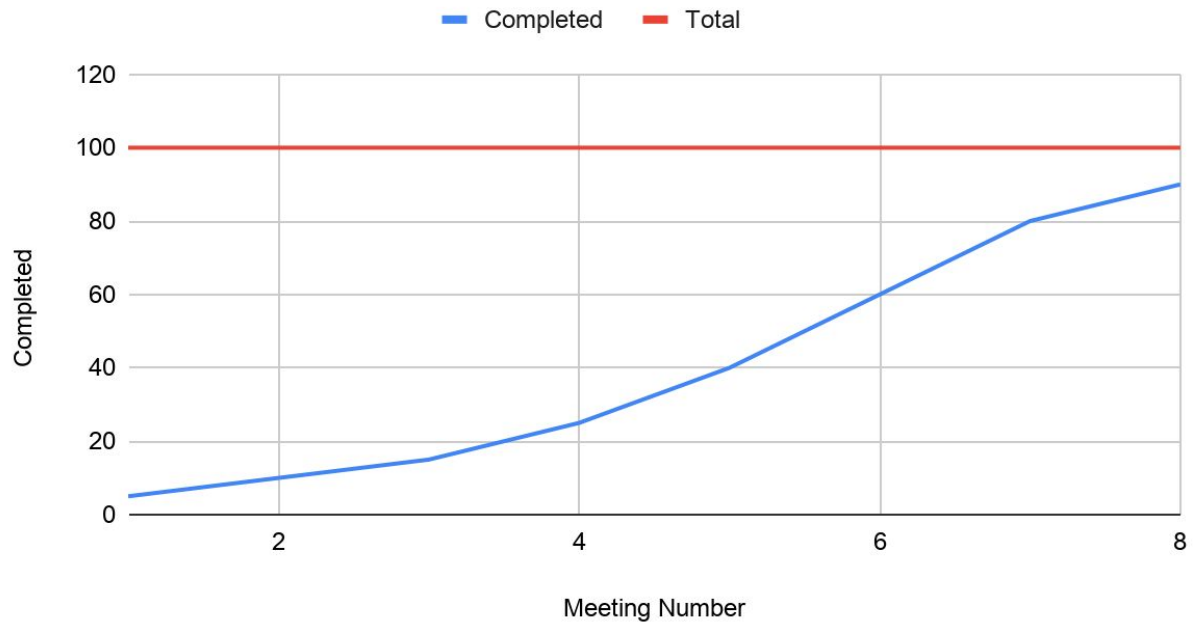

Initial task assignment:

Edward Chan: Learn more about Expo and running app simulations, work on creating a web app page with background info and buttons, work on sign in

Meelad Danai: Learn more about Expo and running app simulations, work on creating a web app page with background info and buttons, work on sign in/login

Initial burnup chart:

## Completed vs. Meeting Number

Initial scrum board:

User Stories	Tasks not started	Tasks in progress	Tasks completed
Go to background page with web app		Creating login and sign in buttons that are functional	Creating a web app with logo and background
Create signup for food pantries	Creating ability to have sign in info saved for future use  Create a different pathway for food pantries		Creating a sign in page/ creating system to use google sign in
Create signup for people seeking food assistance	Creating ability to have sign in info saved for future use  Create a different pathway for people	Creating a sign in page/ creating system to use google sign in	

	seeking food assistance
